Subject: Cooperative Agreement Comments

Joe,

I really appreciate getting the comments back from Danette so quickly, we are making the revisions and moving to the next step. I did ask Dick to discuss with MBMG the removal of any equipment they have on site at Bullion, so we will work through that. Lisa indicated that she and Mike did discuss both Libby and CFAC yesterday. They discussed the use of Technical Assistance on the CFAC and Mike appeared agreeable.

Lastly, I did have a follow up with NRD yesterday about the Friday meeting. Harley heard what I had to say,
